CURRENT LIST of MEDICAL LITERATURE

Vol. 14 January 2, 1948 No. 1

SUBJECT GROUPS ACCORDING TO JOURNALS

* 1. Anatomy; Histology
* 2. Anthropology; Ethnology
3. Archeology; Paleontology
4. Aviation Medicine
* 5. Bacteriology; Parasitology
* 6. Biology; Embryology
* 7. Bone; Joint; Extremities; Muscle
8. Cancerology
9. Cardiovascular System
*10. Chemistry; Physics
*11. Dentistry; Stomatology
*12. Dermatology
*13. Diagnosis; Clinical Methods
*14. Dietetics; Foods; Nutrition
*15. Digestive System
*16. Endocrinology
*17. Forensic Medicine; Toxicology
*18. Genetics; Eugenics
*19. Gynecology; Obstetrics
*20. Hematology
21. History; Biography; Bibliography
*22. Homeopathy; Osteopathy, etc.
*23. Hospitals
24. Immunology; Serology
*25. Industrial Hygiene; Sociology
*26. Infectious Diseases; Epidemiology
*27. Medicine
28. Metabolism
*29. Military and Naval Medicine
*30. Miscellaneous
*31. Neurology; Psychiatry
*32. Nursing
*33. Ophthalmology
*34. Otorhinolaryngology; Phoniatry
*35. Pathology
*36. Pediatrics; Child Welfare
*37. Pharmacology; Pharmacy
*38. Physiology
*39. Psychology; Mental Hygiene
*40. Public Health; Sanitation
*41. Radiology; Phototherapy
42. Respiratory System
*43. Surgery; Traumatology
*44. Therapeutics
*45. Tropical Medicine
*46. Tuberculosis
47. Urology
48. Venereal Diseases; Sexology
*49. Veterinary Medicine
50. Zoology

THE ARMY MEDICAL LIBRARY

Washington, D. C.

R016.61 C936
v. 14 Jan.-June 1948

The CURRENT LIST OF MEDICAL LITERATURE is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. Price: $3.00 per year ($3.75 foreign); 10 cents per single copy. All communications regarding subscriptions should be addressed to the Superintendent of Documents.

Published weekly by the ARMY MEDICAL LIBRARY 7th Street & Independence Av., S. W., Washington 25, D. C., as an intraservice publication of the Department of the Army. Lists all articles of medical interest contained in current journals received. Subject index provided monthly. Exchange invited.

CURRENT LIST OF MEDICAL LITERATURE
Vol. 14, No. 1 January 2, 1948

I. Anatomy; Histology

Am. J. Anat., 1947, 81: No. 3 (Nov.)

DEMPSEY, E. W., BUNTING, H., & WISLOCKI, G. B. Observations on the chemical cytology of the mamary gland. 309-41, incl. 4 pl.

NOBACK, C. R., & MONTAGNA, W. Histochemical studies of the basophilia, lipase and phosphatases in the mammalian pancreas and salivary glands. 343-67, incl. pl.

MURRAY, R. G. Pure cultures of rabbit thymus epithelium. 369-411, incl. 7 pl.

FAWCETT, D. W., WISLOCKI, G. B., & WALDO, C. M. The development of mouse ova in the anterior chamber of the eye and in the abdominal cavity. 413-43, incl. 5 pl.

SAXTON, J. A., JR, & SILBERBERG, M. Skeletal growth and ageing in rats receiving complete or restricted diets. 445-75, incl. 4 pl.

WEBSTER, S. H., LILJEGREN, E. J., & ZIMMER, D. J. Organ; body weight ratios for liver, kidneys and spleen of laboratory animals; albino rat. 477-513.

Anat. Rec., 1947, 99: No. 4 (Dec.)

WHITE, M. R. Effects of hormones on embryonic sex differentiation in the golden hamster; androgenic effects in treated males. 397-426.

STEINMAN, C. The healing of drill-hole defects in the long bones of adult rabbits, especially following the use of embryonic bone transplants. 427-45, incl. 2 pl.

HESCOE, H. B. Distribution of nodes and incisures in normal and regenerated nerve fibers. 447-75.

MAYER, E., & OTTOLENGHI, L. A. Protrusion of tubular epithelium into the space of Bowman's capsule in kidneys of dogs and cats. 477-509, incl. 4 pl.

LIANG, H. M. A new method for staining nerves and their endings using the Schiff reaction. 511-21, incl. pl.

HOGUE, M. J. Human fetal ependymal cells in tissue cultures. 523-9.

DILLER, I. C. The effect of spleen extract on growth of tumor cells. 559.

WALKER, R. Lymphocystis disease and neoplasia in fish. 559.

ROBINSON, T. W. Growth inhibition by indole-3-acetic acid of transplanted sarcoma in mice. 560.

MONTAGNA, W., & HAMILTON, J. B. Histochemical analysis of the sebaceous glands of the hamster. 560.

SMELSER, G. K., & OZANICS, V. The effect of the secretions of the harderian and lachrymal glands upon the regeneration of the corneal epithelium of the rat. 561.

HEILBRUNN, L. V., & WILSON, W. L. Protoplasmic viscosity changes during mitosis in the egg of Chaetopterus. 562.

WOODWARD, A. E. The effect on echinoderm development of certain vitamins and amino acids. 562.

FORSTER, R. P. The use of thin kidney slices for direct study of cellular transport and concentration of phenol red in the renal tubules of some vertebrates. 562.

a PRESCOTT, J. R., KEENER, H. A. [et al.] The normal blood picture of sheep. 563.

SAMAHA, E. C. A., & DOBROVOLNY, C. G. The normal cellular constituents of blood of bovines. 563.

b MELAMPY, R. M. Chemical composition of nuclei of chicken erythrocytes. 564.

BEAMS, H. W. Stratification of the erythrocytes of man by ultracentrifuging. 564.

c RUNNER, M. Attempts at in vitro semination of mouse egg. 564.

KITCHIN, I. C. Gastrulation in the turtle egg studied by the vital stain marking method. 565.

d OPPENHEIMER, J. M. Functional regulation in Fundulus heteroclitus embryos with operated brains. 565.

e MAY, R. M. Loss of the embryonic transplantation potential in the growing thyroid of the mouse. 566.

f DUSHANE, G. An unexpected effect of the removal of of one neural fold on the size of spinal ganglia in Amblystoma. 566.

g SAUNDERS, J. W., JR. The proximo-distal sequence of origin of wing parts and the role of the ectoderm. 567.

KARCZMAR, A. G. The effect of repeated amputation and blastema formation on regeneration 567.

h ROSE, S. M. Dedifferentiation in the regenerating amphibian limb. 568.

i WITSCHI, E. Development and metamorphosis of the auxiliary apparatus of the ear of the frog. 568.

j GROBSTEIN, C. Induction with methyltestosterone in Platypoecilus maculatus of nearly typical gonopodia in immature males and in adult females regenerating their anal fin. 569.

k HAMBURGER, V., & HABEL, K. Influenza-A virus as a teratogenetic agent in chick embryos. 569.

l SIPPEL, T. O. The processes of degeneration and recovery in ovaries transplanted autoplastically to the ovarian capsule in the mouse. 570.

m BEEMAN, E. A. The relation of the interval between castration and first encounter to the aggressive behavior of mice. 570.

n TALMAGE, R. V. The role of estrogen in the estrogen-relaxin relationship in relaxation of the symphysis pubis of the guinea pig. 571.

o FRAPS, R. M., FEVOLD, H. L., & NEHER, B. H. Ovulatory response of the hen to presumptive luteinizing and other fractions from fowl anterior pituitary tissue. 571.

p TABER, E. Correlation between ovarian histology and sexual characters in brown Leghorn chicks. 572.

q ARONSON, L. R., & HOLZ-TUCKER, A. M. Morphological effects of castration and treatment with gonadal hormones on the female cichlid fish, Tilapia macrocephala. 572.

r BERN, H. A. Effect of sex hormones on certain of the sex accessories of castrate male Dutch rabbits. 573.

s MOORE, C. R., & PRICE, D. Reproduction at high altitudes. 574.

t ALTLAND, P. D. Effects of discontinuous exposure to 18,000 feet simulated altitude on the body weight and breeding benavior of the albino rat. 574.

u MINTZ, B., & FOOTE, F. M. Hormonal sex reversal in hypophysectomized anuran larvae. 575.

DAVIS, D. E. The wright of wild brown rats at sexual maturity. 575.

v ABEGG, R. Blood density of the bass, Huro salmoides. 576.

STEARNER, S. P., SIMMONS, E. L., & JACOBSON, L. O. The effects of single dose total body X irradiation on the peripheral blood of the rat. 576.

w EVANS, T. C., CLARKE, G., & SOBEL, E. Increase in I^{131} uptake of thyroid after whole body roentgen irradiation. 577.

CLARK, W. C., & STEGGERDA, F. R. Factors concerning the retention of particles by the chicken gizzard. 577.

KINARD, F. W. Lack of significant relationship between grip and ischemic work capacity of muscle. 578.

GATZ, A. J., & HOUCHIN, O. B. Studies on the heart of E-deficient rabbits. 578.

JANES, R. G., & BRADY, J. Effect of thiamine deficiency on the kidneys of normal and alloxan rats. 578.

AGERSBORG, H. P. K. Gerontology and its application to medicine and sociology. 579.

LANSING, A. I. Evidence for ageing as a consequence of growth cessation. 579.

TOBIAS, J. M. Studies on sodium, potassium and water balance in insects. 580.

TAHMISIAN, T., & BARRON, E. S. G. The metabolism of insect muscle (cockroach) 580.

GAULDEN, M. E. Effects of heat on breakage of chromosomes by X-radiation. 581.

CARLSON, J. G., SNYDER, M. L., & HOLLAENDER, A. Relative effectiveness of different intensities of gamma radiation in retarding mitosis in the grasshopper neuroblast. 581.

METZ, C. W. Chromosome sensitivity to X-radiation in cöcytes of Sciara. 582.

COSTELLO, D. P., & HENLEY, C. Mitotic abnormalities in tail-tips of Triturus torosus. 582.

FENNELL, R. A. Cytopathology of choricallantoic lesions induced by saline suspensions of colpidia and various types of colpidian extracts. 583.

KUNTZ, A., & SULKIN, N. M. The Golgi apparatus in autonomic ganglion cells in normal and pathologic states. 583.

TAYLOR, A. B., & ADAMSTONE, F. B. A study of the nature of the periodide bodies and of phosphatase in nerve cells. 584.

ADAMSTONE, F. B., & TAYLOR, A. B. A study of periodide bodies found in liver cells. 584.

SULKIN, N. M. The effects of hepatic restoration on the phosphatase activity in the rat liver. 585.

WILSON, J. W., & LEDUC, E. H. Multinucleate cells and multipolar figures in the liver of the mouse. 585.

LEDUC, E. H. The effect of fasting and refeeding and of changes in dietary protein level on mitosis in the liver of the mouse. 586.

CROSSMAN, G. Coloration of tissue by dispersion. 586.

HEINICKE, K. J. Trends in optical instrumentation and their significance. 586.

TWITTY, V. C. The migration of embryonic chromatophores, a response to mutual activation. 587.

EASTLICK, H. L., & WILSON, D. The melanphores in the embryonic membranes of the white silkie fowl. 587.

MARKERT, C. L. Differentiation of pigment granules in chick melanoblasts cultured in vitro as affected by throxine and antithyroid compounds. 588.

TRINKAUS, J. P. An analysis of the effects of estradiol on melanoblast differentiation in the brown Leghorn fowl. 588.

GALTSOFF, P. S., & GALTSOFF, E. Induction of tumors in the adult toadfish, Opsanus tau, by the implantation of its embryos. 589.

DARBY, H. R. Factors in regeneration and tissue competition. 589.

BODINE, J. H., & FITZGERALD, L. R. Changes in riboflavin content during embryonic development. 590.

BODENSTEIN, D. Chemical alteration of development in Drosophila. 590.

CULLEN, M. U. The effect of an X-chromosome deficiency on the development of Drosophila melanogaster. 590.

WILLIAMS, C. M. The cytochrome system in relation to diapause and development in the Cecropia silkworm. 591.

SIMMONS, E. L. A study of thyroid function in the white Leghorn capon and cockerel. 592.

MATTHEWS, S. A., & SMITH, D. C. Concentration of I^{131} by the thyroid gland of the Bermuda parrot fish. 592.

SMITH, D. C., & MATTHEWS, S. A. The effect of extracts of the thyroid gland of the Bermuda parrot fish on the oxygen consumption of Bermuda white grunts (Haemulou sp.) 593.

INNES, W. A., YOUNG, W. C., & WEBSTER, R. C. The suppressing effect of thiouracil-induced hypothyroidism on the conditioning action of estradiol bensoate as measured by the mating response in female guinea pigs. 593.

YOUNG, W. C., INNES, W. A., & WEBSTER, R. C. The maintenance of male-like mounting activity by thiouracil-induced hypothyroid female guinea pigs. 594.

TIPTON, S. R. The effect of vitamin B deficiency on the respiratory enzymes of liver from control and hyperthyroid rats. 594.

LEATHEM, J. H. Thiouracil and testosterone propionate action on plasma protein concentrations, organ weights and pituitary gonadotrophins. 595.

WRIGHT, P. A. Antagonism of adrenalin and intermedin on the melanophores of frog skin in vitro. 595.

BIRNIE, J. H., EVERSOLE, W. J., & GAUNT, R. Extra-renal action of adrenal cortical hormones in water intoxication. 596.

MILLER, A. H. The refractory period in light-induced reproductive development of the golden-crowned sparrow. 596.

ROTHCHILD, I. The survival of adult hens following hypophysectomy. 596.

SAWYER, C. H., MARKEE, J. E., & HOLLINSHEAD, W. H. Adrenolytic-block of the release of luteinizing hormone following coputation in the rabbit. 597.

HUNTER, F. R., LARSH, H. W., & RAWLEY, J. The effect of Bacillus cereus on chicken erythrocytes. 597.

DILKS, E. The effect of Seitz filtration of diluted antigen solutions on the serum protein content and precipitin reaction. 598.

NORTON, S., WOLFE, H. R., & HERRICK, C. A. The growth of the spleen in the chicken and its correlation with precipitin formation. 598.

WOLFE, H. R., & DILKS, E. The variation in the antibody response of chickens as correlated with the age of the animal. 599.

ANDERSON, B. G., & JACOBS, G. J. The apparent thresholds of narcosis and toxicity for some normal aliphatic alcohols and their isomers. 599.

WILSON, L. P. Effect of dinitrophenol and excess amino acids upon melanctic growths in Drosophila. 600.

NICHOLAS, J. S., & HERRMANN, H. Chemical studies on developing muscle. 600.

WOLFSON, A. Fat deposition as a response to photoperiodism in migratory birds. 600.

PROSSER, C. L., INADA, C., & ZUCKERKANDL, E. Pressure regulation in animals with open circulation. 601.

WULFF, V. J., & JAHN, T. L. The retinal-nerve interval in the grasshopper. 601.

KEISTER, M. L. The development and physiology of the tracheal systems of Sciara. 602.

KIDDER, G. W., & DEWEY, V. C. Physiological effects of the non-essential amino acid, serine. 602.

RAY, O. M. The influence of organic material on the action of a chloroamine on respiration and reproduction in Paramecium caudatum. 603.
KIMBALL, R. F. Induction of mutations in Paramecium aurelia by beta radiation. 603.
NOBLE, E. R. Mitosis in Entamoeba gingivalis. 603.
RAFALKO, J. S. Mitotic division in the amoebo-flagellate, Tetramitus rostratus. 604.
VAN DALSAM, V. F., jr, & OLIPHANT, J. F. The reactions of Entamoeba histolytica to certain factors in its environment. 604.
BAKER, E. G. S., HUDDLESTON, M. S. Growth of tetrahymena geleii in bacteria-free and bacterialized culture media. 605.
PHELPS, A. A method for isolating from natural water those protozoa which can live in pure culture. 605.
BROWNING, I. Touch response in the ciliate protozoan, Tetrahymena geleii. 605.
SCHOENBORN, H. W. Studies on nutritional requirements of colorless euglenoid flagellates. 606.
BECKER, E. R. Adult multiplication in Trypanosoma lewisi. 606.
NELSON, T. C., & YONGE, C. M. On early development of the gill in the oyster, Gryphaea virginica, and its bearing upon the phylogeny of the ctenidia of Lamellibranchia. 607.
MILLER, J. A. pH of the coelenteric fluid of Tubularia crocea. 607.
MOOG, F. The development of alkaline phosphomonoesterase in the gut of chick embryos and young chicks. 608.
SMITH, E., & GRAY, P. The distribution of copper in the early chick embryo. 608.
MOMENT, G. On the anatomical basis of growth limitation in the earthworm, Eisenia foetida. 609.
ELIAS, H. Cortical cell replacement in the adrenal gland of domesticated Ungulata. 609.
AREY, L. B. On the presence of smooth muscle in the human placenta, and its possible rôle in furthering circulation. 610.
GILBERT, P. W. Locomotor adaptations of aquatic birds. 610.
WATERMAN, T. Comparative anatomy of Gigantactis longicirra Waterman (Teleostei, Ceratioidea) 611.
McMILLAN, G. L., & CHURCHILL, E. P. The gross and histological structure of the digestive system of the little brown bat. 611.
HODGE, C., IV. The internal anatomy of the pyrgomorphine grasshopper, Sphenarium purpurascens Charp. 612.
BLAIR, A. P. Experimental hybridization in the genus Bufo. 612.
GUNTER, G. The euryhalin fishes of North America. 612.
GORDON, M. Melanomas in the hybrid offspring of two species of swordtails, Xiphophorus montezumae and Xiphophorus helleri. 613.
RUDKIN, G. T., & SCHULTZ, J. Evolution of nutritional requirements in animals; amino-acids essential for Drosophilia melanogaster. 613.
MOREE, R. Heterozygosity measurements in experimental populations of Drosophila. 614.
STAUBER, L. A. On possible physiological species in the oyster, Ostrea virginica. 614.
STUNKARD, H. W. Notes on the asexual stages of cryptocotyle lingua. 615.
GUNTER, G. Distributions related to salinity, and seasonal population changes of certain marine invertebrates of Texas. 615.
ALLEE, W. C., GREENBERG, B. [et al.] Some effects of social organization on growth in the green sunfish, Lepomis cyanellus. 616.

a BRAGG, A. N. Additional instances of social aggregation in tadpoles. 616.
ROSENBERG, L. E. Life history of the tadpole shrimp (Apus) and its relation to the rice crop of
b California. 616.
BATTLE, H. I., & JOHNSON, W. H. Effects of DDT on liver function in rabbits. 617.
